Docket No. 98-N-1265

Gentlemen:

I understand that the FDA is trying to limit all specialized pharmacies shipping medications across state lines. This disturbs me a great deal because I cannot get my needed medications any other way. Why does the FDA try to make life difficult for us? Why are they trying to make life difficult for us?

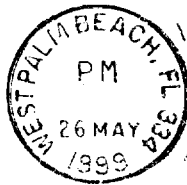

I sincerely hope this selfish idea will not pass and that life can go on as uncomplicated as possible.

Please!

Alice E. Kloss
